# MUGHAL TENT

- Inspired by the glory of great Mughals, this tent is based on the artistry and designing techniques that lavishly blend Persian style with Indian motifs. These tents are walled by a symbolic rampart of cloth and recognized by their size and the splendor of their decoration, both inside and out. The interiors of The Mughal has been beautifully accentuated giving it an impressive look. Special lightening effects multiply the charm by highlighting subtleties of the design.
- Versatile in its configuration this royal tent is superbly suited as a permanent or semi-permanent setting for luxury resort accommodations or private estates and event venues looking for an elegant & dramatic point of difference.

# SIZES

- THESE TENTS ARE SQUARE SO YOU HAVE TO CHOOSE ONLY THE SQUARE SHAPE LIKE 20FT X 20FT TO 40FT X 40FT. WE WILL PROVIDE YOU THE EXTRA 5FT AREA ALL SIDE.
- THESE TENTS CAN BE CUSTOMIZE. WE CAN FABRICATE THE TENTS AS PER YOUR REQUIREMENTS.

# FABRIC SPECIFICATIONS

- FABRIC QUALITY DEPENDS UPON THE WEATHER CONDITION OF THE AREA. THE MAIN PART OF THE TENT IS ROOFING. WE USE TWO TYPES OF FABRIC COTTON CANVAS & PVC FABRIC.
- IN COTTON CANVAS WE HAVE WIDE RANGE LIKE COTTON CANVAS, POLYESTER COTTON CANVAS, POLYESTER RIBTSTOP COTTON CANVAS. THESE FABRICS ARE WATER PROOF, ROT PROOF, ANTI FUNGUS & VAT DYED. BUT WHERE THE RAIN IS HEAVY AND WEATHER IS BAD DURING THE MONSOON. WE WILL NOT SUGGEST THIS FABRIC. THEN WE WILL SUGGEST YOU FOR THE PVC. PVC IS A HEAD SEALED FABRIC. THIS IS VERY GOOD IN HEAVY RAINS AND EXTREME WEATHER CLIMATE CONDITIONS. THIS IS HEAT SEALED FABRIC SO THERE IS NO CHANCE OF WATER COMING INSIDE THE TENTS. THIS FABRIC IS ONLY FOR THE ROOF. REST PART OF THE TENT LIKE OUTER WALL, INSIDE LINING & CURTAINS IS MADE OF COTTON & COTTON POLYESTER FABRIC.

# INNER LINING

- **Inner Linings and Pole Sleeves** - The decorative inner linings and pole sleeves are made of finest cotton and can be hand block printed by our skilled and experienced staff in a range of designs and colors or made to your specific needs.
- Alternatively we also provide linings and pole sleeves made of Trevira CS (Katty 200gsm), inherently fire retardant complies to BS 7837:1996, BS 5867 part 2 type B, CPAI 84:1995 Sec 6 and NFPA 701. Katty 200gsm shall not lose fire retardant properties as a result of use, washing or ageing. Katty 200gsm is 100% polyester with strong feelings of cotton and can be hand-blocked in distinctive hand-block prints using traditional methods by skilled and experienced artisans in a range of designs and colors or made to your specific needs.

**Drapes** - Drapes made of the premium quality cotton voile and are hand printed or plain around the borders and flow from outside the roof and are simply tied to each pole with an attractive tasseled string.

Alternatively we also provide drapes made of Trevira CS (Katty 125gsm), inherently fire retardant complies to BS 7837:1996, BS 5867 part 2 type B, CPAI 84:1995 Sec 6 and NFPA 701 (ON REQUEST).

**Custom Work** - Specialized custom designs available including doors, windows, block printed or embroidered linings at an extra cost.

**Arched Doors** - When supplied with arched doors, organza panels are supplied as standard allowing you to set the scene in an exquisite glowing room at dusk as well as creating an insect free area for your evenings.

# FRAME

- **Frame Work** - Poles and fittings are made of sturdy zinc coated steel with a diameter of 48mm, wall thickness 2.0mm. For ease of transportation and storage the poles more than three meters long are manufactured in two sections. All the poles and connectors will powder coated or can be galvanized.
